Stakeholder Engagement Unit

2023 Ambassador Network for Local Stakeholder Engagement

2023 Report

In 2023 Iberdrola has reinforced the Ambassador Network for Local Stakeholder Engagement created in 2018

- It is an **internal network of experts on stakeholder engagement**, coordinated by the corporate Stakeholder Engagement Unit
- Its main objective is to **ensure that the Iberdrola Stakeholder Engagement Model is implemented appropriately** at the **local level** (country and facility), according to AA1000
- The ambassadors are **members of the Iberdrola Stakeholders' Hub**

Every Ambassador:

Gives **support to local teams** on stakeholder engagement processes and on the implementation of the Iberdrola Model

Gives **support to the corporate Stakeholder Engagement Unit**

Coordinates the **local map** of people responsible for the Iberdrola Model

Identifies **best practices** and **lessons learnt** at the local level, to be shared at the global/corporate level

Identifies **aspects of improvement** to be adopted in the Iberdrola Group
